13.6 Program planning time lines for Sem 1, 2016

Program planning timelines for Sem 1, 2016 programs and program changes. All changes are published on Degree Finder and the Programs and Courses Website and placed on the PeopleSoft Student System to inform student enrolment.

Programs Committee has established the following timeframes for consideration and approval of Program Proposals for introduction/implementation in semester 1 2016:

- **Target date** for new Program Proposals to Programs Committee:
  
  9th July meeting; papers to Secretary by 26th June 2015

- **Last date** for new Program Proposals and changes to existing programs:
  
  3rd September meeting, papers to Secretary by 20th August 2015

Health Group Board – Program Planning

Corresponding Last date for Health Group Board for new Program Proposals and changes to existing programs:

- **Last date** for new Program Proposals and changes to existing programs:
  
  13th August meeting; papers to Secretary by 30th July 2015

Corresponding Last date for Minor change proposals submitted to Group ASO for Sem 1, 2016 implementation

- **31st August 2015**

These dates and program planning procedures and priorities have been forwarded to all School Administrative Officers by the Health Group ASO.

Recommendation

13.7 The Griffith Health Group Board is asked to note the program planning timelines and to consider actions required for progressing program proposals.

For consideration and action

14.0 MED FULL PROGRAM PROPOSAL

1533 BACHELOR OF PARAMEDICINE

14.1 The Griffith Health Group Board, on the executive recommendation of the Dean (Learning & Teaching), is asked to consider the attached full program proposals to establish the (1533) Bachelor of Paramedicine, as detailed in #20156003032 for implementation in Semester 1, 2016, and the Bachelor of
Paramedicine with Honours as detailed in #20156003063 for implementation in Semester 2, 2018.

14.2 The Program Director, Mr Duncan McConnell, will speak to this item.

Recommendation

14.3 The Griffith Health Group Board, on the executive recommendation of the Dean (Learning & Teaching), is asked to recommend to Programs Committee the attached full program proposal to establish the (1533) Bachelor of Paramedicine, as detailed in #20156003032, for implementation in Semester 1, 2016.

For approval

15.0 NRS MAJOR CHANGE PROPOSAL FOR ANMAC REACCREDITATION

1161/1162/1165 BACHELOR OF NURSING

ANMAC ACCREDITATION: 2011-2016 INTERIM REPORT
B NURSING PROGRAM LEARNING OUTCOMES
B NURSING COURSE LEARNING OUTCOMES MAPPING
B NURSING COURSE PROFILES: 2016-2021 CURRICULUM
B NURSING IMPLEMENTATION PLAN

15.1 The Griffith Health Group Board, on the executive recommendation of the Dean (Learning & Teaching), is asked to consider the attached major change proposal for the (1161/1162/1165) Bachelor of Nursing, as detailed in #20156003039, for implementation in Semester 1, 2016. Griffith Health Group Board is also asked to consider all of the supporting documentation, including: #20156003040 ANMAC Accreditation: 2011-2016 Interim Report, #20156003041 B Nursing Program Learning Outcomes, #20156003042 B Nursing Course Learning Outcomes Mapping, #20156003043 B Nursing Course Profiles: 2016-2021 Curriculum and #20156003044 B Nursing Implementation Plan.

15.2 The Acting Head of School, School of Nursing and Midwifery will speak to this item.

15.3 The program proposal seeks approval to implement changes to the Bachelor of Nursing (1161, 1162, and 1165) onshore program based on recommendations from the curriculum review and development process undertaken in 2014 – 2015. The Bachelor of Nursing program is due for accreditation with the Australian Nursing and Midwifery Accreditation Council (ANMAC) in 2016. The new Bachelor of Nursing curriculum for 2016 - 2021 has been developed with internal and external stakeholders after an extensive consultation process.

15.4 Professional Accreditation Requirements (ANMAC)

Bachelor of Nursing Interim Report - This report was completed and submitted to ANMAC on 30 June 2014 and included as Attachment 1.0 Bachelor of Nursing 2011 - 2016 Interim Report. The report includes an evaluation of the 2011 – 2016 curriculum.

The School submitted an application for accreditation of the 2016 – 2021 to ANMAC on 2 March 2015.

Future Program Enhancements:

The School is currently investigating options to introduce online only offerings of some courses within the Bachelor of Nursing program.
Feedback received from internal and external stakeholders during the curriculum review and development process has identified that there is demand for online course offerings. Additionally, ANMAC have asked the School to provide further information on the blended learning strategy and resources for the program. At this stage, the School has undertaken initial consultations with the Manager, International Compliance, the Blended Learning Manager and Academic Services regarding the feasibility of these changes. As this area of program enhancement requires further development, a program proposal outlining these changes will be submitted at a later date.

Recommendation

15.5 The Griffith Health Group Board, on the executive recommendation of the Dean (Learning & Teaching), is asked to recommend the attached major change proposal as detailed in #20156003039, and #20156003044 B Nursing Implementation Plan, to Programs Committee for the (1161/1162/1165) Bachelor of Nursing, for implementation in Semester 1, 2016.

For approval

16.0 ASSESSMENT: LATE SUBMISSION POLICY (SECTION 5.3 OF COURSE PROFILE)

16.1 The Griffith Health Group Board, on the executive recommendation of the Dean (Learning & Teaching), is asked to consider the late submission policy for assessment, as outlined in Section 5.3 of the course profile.

16.2 The Dean (Learning & Teaching) will speak to this item.

16.3 The late submission policy text below is currently applied to all undergraduate and postgraduate courses across the Health Group, except for PSY.

An assessment item submitted after the due date, without an approved extension from the Course Convenor, will be penalised. The standard penalty is the reduction of the mark allocated to the assessment item by 10% of the maximum mark applicable for the assessment item, for each working day or part working day that the item is late. Assessment items submitted more than five working days after the due date are awarded zero marks.

16.4 All PSY courses use the same text as above, except that the penalty applied is 5% not 10%.

16.5 At the April Learning & Teaching meeting there was strong support from Schools to reduce the penalty to 5%, particularly for undergraduate courses.

16.6 Section 3.11 Penalties for Late Submission of the Assessment Submission and Returns Procedure policy states that the Course Convenor may vary the penalties and conditions outlined in the policy provided they are approved by the relevant Group Board in the context of approving the Course Profile and are conveyed to the student as part of the Course Profile.

Recommendation

16.7 The Griffith Health Group Board, on the executive recommendation of the Dean (Learning & Teaching), is asked to consider and approve the change
to the late submission policy for assessment, as outlined in Section 5.3 of the course profile.

For approval

17.0 **DISCUSSION PAPER: INCREASING SOCIAL DIVERSITY WITHIN THE SCHOOL OF MEDICINE**

17.1 The Griffith Health Group Board, on the executive recommendation of the Chair, is asked to consider the following discussion paper provided by the School of Medicine, ‘Increasing Social Diversity within the School of Medicine’.

17.2 Professor Ray Tedman will speak to this item.

Recommendation

17.3 The Griffith Health Group Board, on the executive recommendation of the Chair, is asked to consider and provide feedback on the discussion paper provided by the School of Medicine, ‘Increasing Social Diversity within the School of Medicine’.

For discussion and feedback

18.0 **AUSTRALIAN GRADUATE SURVEY RESPONSE RATES: 2012 - 2014**

18.1 The Griffith Health Group Board, on the executive recommendation of the Chair, is asked to consider the Australian Graduate Survey response rates for 2012-2014 as provided in the attached document.

18.2 The Chair will speak to this item.

18.3 Response rates for CEQ and GDS at the University, Group and Health School level have been provided by the Office of Planning Services for consideration and discussion. This information was sought by the Board following discussion at the final HGB meeting of 2014, wherein concerns were raised that poor response rates to graduate surveys would inevitably lead to poor and inadequate data.

Recommendation

18.4 The Griffith Health Group Board, on the executive recommendation of the Chair, is asked to consider the Australian Graduate Survey response rates for 2012-2014 as provided in the attached document.

For consideration

19.0 **DEGREE FINDER AND PROGRAMS AND COURSES UPGRADES**

19.1 The Griffith Health Group Board, on the executive recommendation of the Chair, is asked to consider the changes to degree finder and programs and courses sites. These upgrades will incorporate some of the strategic objectives of the University executive, most notably a simplification and standardisation of admission requirements, through the creation of a program summary box.

19.2 The Chair will speak to this item.
19.3 The upgrades to the Degree Finder and the Programs and Courses sites will be rolled out in two phases.

19.4 In Phase 1, short admission requirements will be published on the Programs and Courses sites, which will provide summarised admission requirements drawn from the existing approved admission requirements for each program. The University Executive approved standard text for these short admission requirements. Academic Services have implemented this change to ensure that the information is correctly translated into the abridged admission requirements.

19.5 In tandem with this task, the long (standard approved) admission requirements are also being audited to ensure that consistent terminology is applied and to reduce complexity where possible. The Health Academic Services Consultant (ASC), Rebecca, is undertaking this task and will be consulting with Program Directors, Heads of School, and Deputy Heads of School (L&T).

19.6 Phase 2 of the upgrade will enable the use of accreditation logos. This functionality has not previously been available. Schools will need to indicate which accredited programs should have a logo and provide this information along with a digital copy of the logo to the Health ASC. Rebecca will also be coordinating this task and will be in contact with Schools.

Recommendation

19.7 The Griffith Health Group Board, on the executive recommendation of the Chair, is asked to consider the changes to degree finder and programs and courses sites.

For consideration

20.0 HEALTH GROUP PROGRAM CHANGES

20.1 The program changes processed for the Health Group since the previous Griffith Health Group Board meeting are detailed in Section II of this agenda. All program changes have been considered and approved executively by the Dean (Learning and Teaching). Details of the submissions are contained in Section II of this agenda and all submissions are attached for reference. Members are asked to consider the list of program changes for information and to flag any submissions they wish to bring forward to Section I of this agenda for discussion.

For consideration

SECTION II: MATTERS REQUIRING RATIFICATION OR EXECUTIVE ACTION

The Griffith Health Group Board is asked to ratify the executive action of the Dean (Learning & Teaching) in approving the attached program proposals, program learning outcomes and withdrawal submissions, as outlined below.

21.0 MAJOR CHANGE PROPOSALS

21.1 On the recommendation of the Dean (Learning and Teaching), Health Group Board is asked to ratify the following major change proposals that were executively approved in order for them to be considered at Programs Committee meetings:
For ratification

22.0 PROGRAM WITHDRAWAL AND INTAKE SUSPENSION PROPOSALS

22.1 On the recommendation of the Dean (Learning and Teaching), Health Group Board is asked to ratify the following program withdrawal submissions:

SECTION III: MATTERS FOR NOTING AND WHERE APPROPRIATE, ACCEPTANCE OF RECOMMENDATIONS

25.0 ACCREDITATION DOCUMENTATION

25.1 Members are asked to note the following accreditation documents:

- AUSTRALIAN DENTAL COUNCIL (ADC) SET report_(4107/5607) Grad Diploma and Master of Dental Technology in Prosthetics_Sep2014

26.0 QIBT MINOR CHANGE TO DIPLOMA OF HEALTH SCIENCES

26.1 Members are asked to note the attached QIBT minor change submission for the Diploma of Health Sciences, as detailed in QIBT Doc #: 2015/01.

26.2 The Griffith University Bachelor of Pharmaceutical Sciences program, into which the Diploma of Health Sciences program articulates, has undergone a review which has resulted in the introduction, as of semester 1, 2016, of a new Bachelor of Pharmacology and Toxicology which will replace the Bachelor of Pharmaceutical Science, and a new double degree; Bachelor of Pharmacology and Toxicology/Bachelor of Business. Associated with the introduction of the new degree programs will be a change to the English entry requirements for the degrees, and as such an associated change to the English levels recommended for students entering the Diploma on a pathway to the new degrees. The structure of the Diploma of Health Sciences will remain the same and the structure of the first 18 months of the new Bachelor of Pharmacology and Toxicology will remain the same as the current Bachelor of Pharmaceutical Science and the Bachelor of Pharmacy.

26.3 Discussions with the School of Pharmacy have also resulted in recommended changes to progression expectations for Diploma graduates articulating to the new degree, and new expectations for students progressing to the Bachelor of Pharmacy. Hence, a change to the diploma / degree articulation agreement is proposed.

27.0 OTHER BUSINESS
