SECTION I: MATTERS FOR DEBATE AND DECISION

12.0 NEW PROGRAM SUBMISSION (#2006/0003909)

3202 GRADUATE CERTIFICATE IN RISK MANAGEMENT

12.1 The Griffith Business School Board is asked to consider a New Program Submission proposing to introduce the 3202 Graduate Certificate in Risk Management, as detailed in 2006/0003909, effective Semester 1 2007.

12.2 It is proposed this program consist of four postgraduate topics in risk management which will be developed to deliver the body of knowledge around the risk management discipline. Based upon the competencies outlined in the Certified Practicing Risk Managers Licence (CPRM), the four topics will cover underpinning risk management concepts, application of the risk management process at corporate and operational levels, implementation of risk management frameworks, and effective organisational change.

12.3 The aim of this program is to prepare students for a career in risk management or a related field. Within industry, the risk management discipline is an emerging business management discipline which is being undertaken by managers and executives as either a secondary appointment or a full-time role. Currently there are limited postgraduate qualifications in risk management which are founded in the “business” management arena.

12.4 Students undertaking the Graduate Certificate in Risk Management will gain the skills and knowledge to be able to effectively develop, implement, and sustain an enterprise risk management program within any industry. Students without an undergraduate degree in the relevant discipline, but who have relevant work experience in the field, are able to use the Graduate Certificate in Risk Management as a preparatory program for future postgraduate studies. Students with an undergraduate degree in another discipline may gain entry to their preferred Masters degree upon completion of this Graduate Certificate program.

12.5 Mr Frank Pollard, Director, Executive Development will attend the meeting at 11:00am to speak to the item.
Recommendation:

12.6 The Griffith Business School Board is asked to recommend to the Programs Committee a New Program Submission proposing to introduce the 3202 Graduate Certificate in Risk Management, as detailed in 2006/0003909, effective Semester 1 2007.

For discussion

SECTION II: MATTERS REQUIRING RATIFICATION OR EXECUTIVE ACTION

13.0 COURSE OUTLINES – GRIFFITH BUSINESS SCHOOL

13.1 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair’s executive action in approving the following Course Outlines, for implementation in Summer Semester 2006/2007. Course Outlines are available upon request from the Secretary, Griffith Business School Board.

- 1302AFE Money, Banking and Finance (major changes);
- 1202AFE Introduction to Financial Planning (major changes); and
- 7001MKT Corporate Communications (new course for Semester 1 2007).

Recommendation:

13.2 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair’s executive action in approving the abovementioned Course Outlines, for implementation in Summer Semester 2006/2007.

For ratification

14.0 MINOR CHANGE SUBMISSION (#2006/0003887) 3171 GRADUATE CERTIFICATE IN BUSINESS (FOR WORKCOVER QLD)

14.1 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair’s executive action in approving a Minor Change Submission affecting the 3171 Graduate Certificate in Business (for WorkCover Qld), as detailed in 2006/0003887, for implementation in Semester 2 2007.

14.2 The GBS is proposing to replace 7111AFE Accounting with a new course 7110AFE Accounting Processes in the 3171 Graduate Certificate in Business (for WorkCover Qld) program. This program has been specifically designed to provide WorkCover Qld employees with the skills necessary to effectively understand the accounting and legal issues in relation to auditing the accounts of their clients. The program currently uses an existing course 7111AFE Accounting as its basic accounting course. However the course content differs significantly to the course delivered to WorkCover students and cannot be accurately reflected in a single Course Outline. It has also created enrolment issues for students in other programs who incorrectly select the external offering. The new course will tailor the content specifically to the requirements of WorkCover employees in a similar manner to the other three courses offered in the program.

Recommendation:

14.3 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair’s executive action in approving a Minor Change Submission affecting the 3171 Graduate Certificate in Business (for WorkCover Qld), as detailed in 2006/0003887, for implementation in Semester 2 2007.
For ratification

15.0 APPROVAL TO ADVERTISE (#2006/0003890)
3202 GRADUATE CERTIFICATE IN RISK MANAGEMENT

15.1 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair's executive action in approving an Approval to Advertise form proposing to introduce the 3202 Graduate Certificate in Risk Management, as detailed in 2006/0003890, effective Semester 1 2007.

15.2 This year for the first time the University has introduced a new form (in part which replaces the New Program Concept Proposal) for consideration and advise on any resource implications identified. The Deputy Vice Chancellor (Academic) is required to approve the Approval to Advertise forms for every proposed new program or a major change to an existing program highlighted in the Program Profile Plan (embedded in the Group's Operational Plan), and prior to the program being advertised for the purpose of assuring the University and its stakeholders that the proposed/revised program forms a suitable addition to the University's academic profile and meets the needs of the community and employers. This document also informs student recruitment and applies to undergraduate and postgraduate programs, and domestic and international student recruitment. Every initiative proposed in the Program Profile Plan, will require "Approval to Advertise" if it is a new program or proposes major changes to an existing program.

15.3 It is proposed this program consist of four postgraduate topics in risk management which will be developed to deliver the body of knowledge around the risk management discipline. Based upon the competencies outlined in the Certified Practicing Risk Managers Licence (CPRM), the four topics will cover underpinning risk management concepts, application of the risk management process at corporate and operational levels, implementation of risk management frameworks, and effective organisational change.

**Recommendation:**

15.4 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair's executive action in approving an Approval to Advertise form proposing to introduce the 3202 Graduate Certificate in Risk Management, as detailed in 2006/0003890, effective Semester 1 2007.

For ratification

16.0 MINOR CHANGE SUBMISSION (#2006/0003892)
1291/1292 BACHELOR OF ARTS (POLITICS, ASIAN STUDIES AND INTERNATIONAL RELATIONS)

16.1 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair’s executive action in approving a Minor Change Submission affecting the 1291/1292 Bachelor of Arts (Politics, Asian Studies and International Relations), as detailed in 2006/0003892, for implementation in Semester 1 2007.

16.2 The submission proposes that the course 1011IBA European Unity and Disunity be withdrawn from offer in the 1291/1292 Bachelor of Arts (Politics, Asian Studies and International Relations). In addition, the course 1010IBA Cultures, Civilisations and the Modern World is to be included in the list of first year optional courses (preceding core courses) within the Asian and International Studies Award Major, thus increasing the range of study options available to students. These changes are minor in nature and do not have any detrimental resource or consistency implications.

**Recommendation:**
16.3 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair’s executive action in approving a Minor Change Submission affecting the 1291/1292 Bachelor of Arts (Politics, Asian Studies and International Relations), as detailed in 2006/0003892, for implementation in Semester 1 2007.

17.2 The academic plan is designed to demonstrate the importance of event management in the areas of hospitality, leisure, sport, and tourism as an integrating feature or as a stand-alone area. More specifically, it provides a list and description of courses that are the components of the event management major. Event management involves skills in marketing and promotion, programming and planning, financial management, evaluation and impact assessment, project management, as well as an awareness of the influences and effects of the socio-politico-economic context on the nature of events. Particular emphasis through this academic plan will be placed on the importance of strategic planning in a global context characterised by turbulence change and uncertainty. This event management academic plan will refer to existing courses or modifications of existing courses which will make up this award major.

Recommendation:

17.3 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair’s executive action in approving a Major Change Submission proposing to offer an Event Management award major within the 1289/1290 Bachelor of Business, as detailed in 2006/0003893, for implementation in Semester 1 2007.

For ratification

18.0 APPROVAL TO ADVERTISE (#2006/0003897)
GRADUATE CERTIFICATE IN POLICY ANALYSIS

18.1 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair’s executive action in approving an Approval to Advertise form proposing to introduce the Graduate Certificate in Policy Analysis, as detailed in 2006/0003897, effective Semester 1 2008.

The program will fill a significant gap in provision of skill-based policy training by the tertiary sector in Queensland and contributes to meeting the demanding agenda of up-skilling the public sector workforce. The delivery of the program is designed to meet the needs of working policy officers and their employers. Students will complete four modules within one calendar year. Each module will be delivered in four-day blocks of intensive teaching at Griffith’s South Bank Campus embracing a combination of lectures, small group exercises, problem solving assignments, detailed case studies, and expert speakers.

Recommendation:
18.3 The Griffith Business School Board, on the executive recommendation of the Dean (Learning and Teaching), GBS, is asked to ratify the Chair’s executive action in approving an Approval to Advertise form proposing to introduce the Graduate Certificate in Policy Analysis, as detailed in 2006/0003897, effective Semester 1 2008.

19.2 As per the School of Languages and Linguistics’ advice, some corrections need to be made to Program Catalogue entries that offer Gold Coast Japanese studies. Currently entries advise that students may complete 1536LAL Introductory Japanese A and 1537LAL Introductory Japanese B in their first year of study. By undertaking management studies, students will acquire the knowledge and skills necessary to be an effective manager in today’s organisations and will gain an understanding of how the core functions of management – communication, planning, teamwork, strategy, human resources, and self-development – work together. Students [through this articulation arrangement with the School of Continuing and Professional Studies at the Chinese University of Hong Kong (CUHK)] will receive a thorough education in management, underpinned by integrated core business courses, and developed further through study of the management award major courses. All courses emphasise the generic skills, specialist knowledge, and understanding required to operate effectively as a manager.
