1.0 CONFIRMATION OF MINUTES

The minutes of the 5/2011 meeting, having been circulated, were taken as read and confirmed.
SECTION A: RECOMMENDATIONS AND REPORTS TO ACADEMIC COMMITTEE AND ITS SUB-COMMITTEES

2.0 COURSE ASSESSMENT AND MODERATION (Agenda Item 10.0)

2.1 The new form is a modification of the existing GBS form, to incorporate into the MESS reports. While there is potential for change in the future, GBS have no issue with a system they already use.

2.2 Concerns were raised in relation to the following:

- How will marks sheets be attached to the electronic excel spreadsheet?
- Grade distributions between campuses. It was noted this should not be an issue if the variation is explained.
- Timetabling issues relating to 3rd year level students needing to enrol in a 2nd year level course.
- Short timelines to administer moderation.

2.3 It was noted that a decision flowchart to assist before going to Assessment Board need to be established.

Resolution

2.4 The Griffith Business School Board, affirmed the form provided will replace the original GBS form. Consideration into the management of the marking guide electronically needs to be discussed.

3.0 GRADING SCHEMA

3.1 The Board was advised the University has established a Grading Schema Working Party with the PVC (Business) as the Chair. It is intended to consider the following matters:

- Removal of PC Grades
  While the Griffith Business School is generally in favour of the intended removal of the PC grade concerns were raised about the impacts on retention rates and increased numbers of supplementary exams.

- Establishing a limit on the number of times a student may fail a course.

- A new grading schema, incorporating several levels in the fail range. It was noted that any moves away from the current grading system may be implemented in stages. Concerns were raised that a student may appeal “how badly they failed.” Needs clear guidelines.

3.2 Additional concerns were raised about the potential increase in the number of appeals against grades.
4.0 5 YEAR REVIEW – INTERNATIONAL TOURISM AND HOTEL MANAGEMENT MAJOR
(#2011/0003564) (Agenda Item 11.0)

4.1 Key recommendations from the review were presented by Kathy Lloyd:

- The Program overview to be revisited (Recommendation 1)
- 2105HSL International Tourism and Hotel Marketing is to be adjusted to a 3rd Year level course with course objectives, content and assessment modified to reflect the change in course level and orientation. (Recommendation 4).
- 3113HSL International Tourism and Hotel Destination Development and 3119HSL Ecotourism to be replaced by 2308HSL Destination Management and 2204HSL Sustainable Tourism Theories respectively in order to reduce course duplication issues. The two courses will be offered at both Nathan and Gold Coast Campuses. (Recommendations 6 and 7).
  It was suggested “theories” be removed from the title for 2204HSL.
- 3215HSL Hospitality Service Operations Management renamed to Revenue Management with course description and content modified to identify the course as the ITHM capstone course (Recommendation 8).
  HSL were advised of potential for support from AFE if required. Concern that the title offers no indication of the course’s influence in Hotel Management. It was suggested alternative titles may be Profitability Management or Managing a Profitable Hotel.

Resolution

4.2 The Griffith Business School Board, on the recommendation of the Learning and Teaching Committee (GBS), resolved to ratify the 5-Year Review for the International Tourism and Hotel Management major subject to revised titles for selected courses.

5.0 5 YEAR REVIEW – MASTER OF BUSINESS (#2011/0003566) (Agenda Item 12.0)

5.1 Brad Hill presented the report for the 5 Year Review for the Master of Business.

- A new Research course is to be introduced (Recommendation 1).
  The research course is industry driven with an emphasis on how to do research rather than the theoretical. It was suggested that the Head of Department has an outline for a course previously offered that may be useful.
- In response to student input greater flexibility has been built into the program via an improved elective listing. (Recommendation 2)
- Course titles for several courses have been amended in line with changes to the content (Recommendations 4 – 9)
- Following discussions with industry representatives the program will include a Work Integrated Learning Practicum, open to students with a GPA of 5.5 or higher. (Recommendation 13).

5.2 Concerns were raised as to the apparent lack of consideration of the domestic market and the expansion of the program to Brisbane. It was strongly recommended that the School consider a Master of Business or other appropriate postgraduate offering at Nathan. It was noted the review only considered the last five years. While concerns of the domestic
market were considered, examining better linkages with industry was considered a priority. Research into needs in marketplace.

5.3 The need to ensure there is an articulation from undergraduate study was emphasised. To avoid overlap, mapping is currently underway.

Resolution

5.4 The Griffith Business School Board, on the recommendation of the Learning and Teaching Committee (GBS), resolved to ratify the 5-Year Review subject to the consideration of extending the program to Nathan and suitable research into the needs of the domestic market.

6.0 MAJOR PROGRAM PROPOSAL (#2011/0003585) (Agenda Item 13.0)

5275 MASTER OF PUBLIC ADMINISTRATION

6.1 The Griffith Business School Board on the recommendation of the Learning and Teaching Committee (GBS) (7/2011, 3 August 2011), was asked to consider a proposal to revise the admission requirements, degree requirements and program structure for the Master of Public Administration for semester 1, 2012.

6.2 Concerns were raised about the following:

- 20CP of core courses is not sufficient at this level.
- Provision of the elective lists was broad and did not offer realistic combinations.
- The program structure is very narrow and does not represent a “public administration” focus. The proposal neglects AFE expertise in public sector finance, and does not make use of offerings in the MBA and related programs that address the leadership and management needs of this cohort. It was suggested that consultation with Public Sector managers may be beneficial in reviewing the structure.
- Need to ensure the program is not too focussed on the domestic market and the specifics of Queensland/Australia, and offers a pathway or program which would be attractive to the international market.
- It was suggested a 5 year review of the program is required.

6.3 It was noted graduate outcomes and goals for the program are not required as this is an existing program.

Resolution

6.4 The Griffith Business School Board, on the recommendation of the Learning and Teaching Committee (GBS), resolved that the program to be revised and resubmitted in time for midyear entry.

20.0 CHAIR’S REPORT (Agenda Item 3.0)

20.1 The Chair noted:
- The university is moving towards a Graduate Diploma for Research to replace the Higher Degree Qualifying program incorporating Research Design and Methods training.
- The review of the workload model is ongoing. Minor changes are projected, combined with GBS performance expectations.
- Glen Kerridge will be attending the first Faculty Board for 2012 to advise of the changes to Workplace Health & Safety matters.
- Most departments have fulfilled their staffing needs, and recruitment is slowing. Sessional staff for 2012 may be recruited, where there is a vacancy or shortfall, and sessional staff who applied in 2011 and have met performance expectations will be re-appointed.

Noted

21.0 PRO VICE CHANCELLOR’S (BUSINESS) REPORT (Agenda Item 4.0)

21.1 The Pro Vice Chancellor (Business) spoke to the following matters:
• Workplace Health and Safety is becoming a major issue. OHS reporting must be part of every Department meeting and Faculty Board.
• A budget meeting is planned for December. GBS will finish strongly, retaining some surplus to offset projected falls in international intake by 12-15%.
• New updated staircase data is now available for the Operation Plan. Retention is still an area of significance. This will be reviewed at the Heads of Department planning day in February. Concerns were raised about the accuracy of the staircase data. It was noted the Research active area is still an area of concern.
• The Research Centres have undergone reviews and all have been renewed.
• Graduations are coming up. It is expected all staff will attend.
• Staff Leave needs to be sorted for the Summer Semesters. Contact details need to be provided in case of flooding again.
• The expression of interest has gone in for the new building at Gold Coast. If the IEF is unsuccessful a Business building is planned for the site, to be completed by 2013.

Noted

22.0 DEAN’S (LEARNING AND TEACHING) REPORT (Agenda Item 5.0)

• The size of the report is a reflection of the number of courses that met the criteria.
• At this stage there are no radical recommendations to consider.

22.2 All programs will be processed for Semester 2, 2011 with reports to be ready by February 2012.

22.3 Reports will come to the Faculty Board for ratification twice a year (each semester) following approval at the Group Learning and Teaching Committee.

22.5 Comment was made that some of the programs require a separate 1st Year Advisor.
