AGENDA

1.0 APOLOGIES

Apologies can be recorded by telephoning Trish MacElroy on extension 57884, or by emailing T.MacElroy@griffith.edu.au.

2.0 CONFIRMATION OF MINUTES

The minutes of the 6/2005 meeting have been circulated.

3.0 CHAIR'S REPORT

The Chair will report on items of importance to the Committee since its last meeting.

ORDERING OF THE AGENDA

At this point in the agenda, members may propose that any matter on the agenda, not included in Section I, be so included.

The New Program Approval - Programs Committee Checklist (04/0893) is attached at the end of this Agenda for reference.

SECTION I: MATTERS FOR DEBATE AND DECISION

4.0 MSC NEW PROGRAM SUBMISSION (2005/0037542)

5433 MASTER OF SCIENCE IN MEDICAL RESEARCH

4.1 The Programs Committee, on the recommendation of the Griffith Health Board (Faculty) (7/2005), is asked to consider the attached New Program Submission proposing to establish the Master of Science in Medical Research (5433), as described in the submission 05/0037542, for introduction in semester 1, 2006.

4.2 The Master of Science in Medical Research comprises 80CP with 30CP of course work and a 50CP research thesis component. The course work will provide critical evaluation of research and presentation; develop the students' knowledge and understanding of statistical analyses techniques as applied to scientific research, and develop an awareness of research proposal design and background. Research Design will involve the development of a research proposal including aims, methodology and a literature review. The final research component of the course will be a 50CP Research Thesis which will involve applied research on a specific project, a seminar and thesis describing the research in detail.

4.3 To be eligible for the award of the Master of Science in Medical Research (MSc), a student must acquire 80CP as prescribed below:
- gain 30CP for the prescribed coursework; and
- gain 50CP for the dissertation/thesis component; and
- the grade of Pass Conceded will not be allowed in this program

4.4 The minimum English language requirements for admission of international students are according to the standard requirements for postgraduate programs for 2006, that is:
- A minimum score of 575 on TOEFL (Test of English as a Foreign Language); or
- A computerised TOEFL score of 237;
- A minimum overall band score of 6.5 on IELTS (International English Language Testing System) with no sub-score of less than 6.0; or
- No score less than 3+ in each skill of the ISLPR (International Second Language Proficiency Rating).

Recommendation:

4.5 The Programs Committee, on the recommendation of the Griffith Health Board (Faculty) (7/2005), is asked to recommend to the Academic Committee the establishment of the Master of Science in Medical Research (5433, MSc), as contained in 05/0037542, for introduction in semester 1, 2006.

For approval

5.0 QCGU NEW ACADEMIC PLAN SUBMISSION (05/0038024)
1268 BACHELOR OF MUSIC/ BACHELOR OF MUSIC WITH HONOURS

5.1 The Programs Committee, on the recommendation of the Contemporary Arts, Music and Media Board (3/2005), is asked to consider the attached New Academic Plan Submission proposing to a Brass Band Instrument Performance major in the Bachelor of Music/Bachelor of Music with Honours (1268), as described in the submission 05/0038024, for introduction in semester 1, 2006.

5.2 This proposed new major comprises 115CP. The addition of Brass Band instruments to the existing major study offerings provides a tertiary pathway for students who have trained in the brass band discipline. This is particularly relevant for students who wish to pursue the education preparation strand including brass band instruments.

5.3 This is a major step forward for the University in its advocacy of community music-making by providing professional standard training at tertiary level in an area which hitherto has not been pursued. With the introduction of this major QCGU is the first Australian institution to have done so, and thus this development has the potential to create a niche which will further enhance its reputation as the premier conservatorium in the country.

5.4 The Programs Committee may wish to note the advice of the Program Convenor that a major in the Advanced Performance strand has not been included at this stage, as the structure needs to be carefully examined.

Recommendation:

5.5 The Programs Committee, on the recommendation of the Contemporary Arts, Music and Media Board (3/2005), is asked to recommend to the Academic Committee the establishment of the Brass Band Instrument Performance major in the Bachelor of Music/Bachelor of Music with Honours (1268), as contained in 05/0038024, for introduction in semester 1, 2006.

For approval
6.0 EAS NEW ACADEMIC PLAN SUBMISSION (05/0038049)
1018 BACHELOR OF SCIENCE

6.1 The Programs Committee, on the recommendation of the Faculty of Environmental Sciences Board 3/2005 (September), is asked to consider the attached New Academic Plan Submission proposing to establish a Bioanalytical Chemistry major into the Bachelor of Science (1018), as detailed in 05/0038049, for introduction from semester 1 2006.

6.2 The Bioanalytical Chemistry Major comprises 90CP and is an employment-oriented program of study providing a background in fundamental chemical principles with specialised training in investigative techniques used for the detection and identification of chemicals in biological systems, including the aquatic and terrestrial environment and in whole organisms. It is a new major in the BSc (Gold Coast) and designed to meet employment demand and the needs of potential science students who currently travel outside the Gold Coast region to undertake a BSc in the chemical sciences.

Recommendation:

6.3 The Programs Committee, on the recommendation of the Faculty of Environmental Sciences Board 3/2005 (September), is asked to recommend to the Academic Committee establishment of the Bioanalytical Chemistry major into the Bachelor of Science (1018), as detailed in 05/0038049, for introduction in semester 1 2006.

7.0 EAS MAJOR CHANGE SUBMISSION (05/0031017)
1018 BACHELOR OF SCIENCE

7.1 The Programs Committee, on the recommendation of the Faculty of Environmental Sciences Board 3/2005 (September), is asked to consider the attached Major Change Submission proposing changes to the Bachelor of Science (1018), as described in the submission 05/0031017, for introduction in semester 1, 2006.

7.2 It is proposed to revise the current Biology major to offer two specialisations (Wildlife Heath and Wildlife Biology) and well as a general unspecialised major. This provides a new area of study on the Gold Coast campus, where, at present, a deep study of biology, with physiological, cellular, whole organism and population biology is presently not available in one program. It should not conflict with existing offerings of either the Schools of EAS or MSC. It extends the range of science offerings available on the Gold Coast, and should retain more students in the School for transition to Honours. At present, the great majority of graduates who progress to Honours from this major do so in the School of Medical Science.

7.3 The degree requirements for students completing the Biology major will therefore change as follows:
- gain 80CP for prescribed first year courses (for students who commenced prior to 2003);
- gain a maximum of 90CP for 1st year level courses (for students commencing in 2003);
- gain 130CP-110CP as specified for second and third year courses; and
- gain 30CP-50CP in elective courses;
OR
- gain 160CP in 1 of 2 prescribed Specialisation Areas (Wildlife Health or Wildlife Biology)
  - including 145CP of core courses and
  - 15CP of electives;
- gain no more than 30CP for courses in which the grade of Pass Conceded (PC) has been attained.
Recommendation:

7.4 The Programs Committee, on the executive recommendation of the Faculty of Environmental Sciences Board 3/2005 (September), is asked to recommend to the Academic Committee the major change submission for the Bachelor of Science (1018), as contained in 05/0031017, for introduction in semester 1, 2006.

For approval

These changes offer a more directed pathway towards higher degree research study, and are made after consultation with students and staff, as a means of offering a more concise directed pathway towards higher degree research study.

8.3 It is further proposed that the Graduate Diploma of Visual Arts be withdrawn (refer item 28.0 on this Agenda).

Recommendation:

18.3 The Programs Committee, on the recommendation of the Griffith Health Board (Faculty) (7/2005), is asked to recommend to the Academic Committee the Special Purpose Submission proposing to withdraw the Re-Entry/Registration Strand, offered in the Bachelor of Nursing (1161, 1162, 1165), as contained in 05/0037536, for 2006.

19.0 EVP SPECIAL PURPOSE SUBMISSION (05/0031010) 4048 GRADUATE DIPLOMA OF ENVIRONMENTAL PLANNING

19.1 The Programs Committee, on the recommendation of the Environmental Sciences Faculty Board (2/2005), is asked to consider the attached Special Purpose Submission proposing changes to the Graduate Diploma of Environmental Planning (4048), as detailed in 05/0031010, for implementation in semester 1, 2005-2006.

19.2 In June 2005 the School of Environmental Planning put forward a Major Change Submission outlining changes to the Master of Environmental Planning, as contained in 2005/0038259. That submission was approved at the 4/2005 Programs Committee meeting held on 13 July 2005. Unfortunately that submission omitted the flow-on effects to the Graduate Diploma of Environmental Planning, which are indicated in this submission before the Programs Committee.

20.0 BBS SPECIAL PURPOSE SUBMISSION (05/0031028)
3127 GRADUATE CERTIFICATE IN FORENSIC OSTEOLOGY
5353 MASTER OF FORENSIC OSTEOLOGY

20.1 The Programs Committee, on the executive recommendation of the Dean of the Faculty of Science (13 September 2005), is asked to consider the attached Special Purpose Submission proposing not to offer the Graduate Certificate in Forensic Osteology (3127) and the Master of Forensic Osteology (5353), as detailed in 05/0031028, for 2006.

20.2 The presentation of these programs has been, and continues to be, dependant on the availability of experienced experts in forensic osteology. These experts have participated as sessional staff of the school rather than as full-time academic staff. The strength of this teaching arrangement has been to enable students to learn from, and interact with, experts from this highly specialist forensic discipline who have had considerable direct casework experience. Two key sessional staff in forensic osteology are unable to meaningfully participate in teaching these forensic osteology programs in 2006 because of other professional commitments. Without their participation, or the involvement of alternative suitably qualified and experienced forensic osteologists, the quality of the program would suffer and the student learning experience would be diminished.

Recommendation:

20.3 The Programs Committee, on the executive recommendation of the Dean of the Faculty of Science (13 September 2005), is asked to recommend to the Academic Committee the Special Purpose Submission proposing not to offer the Graduate Certificate in Forensic Osteology (3127) and the Master of Forensic Osteology (5353), as contained in 05/0031028, for 2006.

- gain no more than 20CP for courses in which the grade of Pass Conceded (PC) has been awarded (a course for which the grade of Pass Conceded (PC) has been awarded does not satisfy pre-requisite requirements).

21.4 English Language Requirements, applying to international applicants and other applicants whose previous study was undertaken in a language other than English are as follows:
- A minimum score of 580 on TOEFL (Test of English as a Foreign Language); or

Members may wish to note that the Programs Committee approved a Major Change Submission (05/0038010) at its 4/2005 (June) meeting, and changes shown in this revised submission (05/0037317) show the recommended additional changes, as follows:

SECTION III: MATTERS FOR NOTING AND WHERE APPROPRIATE, ACCEPTANCE OF RECOMMENDATIONS

23.0  GBS PROGRAM WITHDRAWAL (05/0037319)
5385 MASTER OF INFORMATION SYSTEMS ADVANCED

23.1 The Programs Committee, on the executive recommendation of the Dean of the Griffith Business School (20 September 2005), is asked to consider the attached submission (05/0037319) proposing to withdraw the Master of Information Systems Advanced (5385), from semester 1 2006.

23.2 During 2005 the Griffith Business School established working parties to review its strategy in relation to its postgraduate profile. The collective recommendation of the Working Party Clusters was the withdrawal of the existing postgraduate programs, and the introduction of seven suites of programs to provide a distinct area of specialisation. The new program suites that resulted combined the advantages of the existing programs with the changing needs of Griffith University. These programs provide a consistent approach to postgraduate study within the Griffith Business School and address the requirements for professional accreditation. The Master of Management (Information Systems) (5435/5436) addresses the needs of the target market. It is therefore proposed that the Master of Information System Advanced (5385) be withdrawn.

23.3 The Programs Committee members may wish to note the transition arrangements for continuing students specified in this submission.

Recommendation:

23.4 The Programs Committee, on the executive recommendation of the Dean of the Griffith Business School (20 September 2005), is asked to recommend to the Academic Committee the withdrawal of the Master of Information Systems Advanced (5385), as contained in 05/0037319, from semester 1, 2006.

For approval

24.0  GBS PROGRAM WITHDRAWAL (05/0037320)
5386 MASTER OF STRATEGIC INFORMATION SYSTEMS
5387 MASTER OF STRATEGIC INFORMATION SYSTEMS WITH HONOURS

24.1 The Programs Committee, on the executive recommendation of the Dean of the Griffith Business School (20 September 2005), is asked to consider the attached submission (05/0037320) proposing to withdraw the Master of Strategic Information Systems (5386) and Master of Strategic Information Systems with Honours (5387), from semester 1 2006.

24.2 During 2005 the Griffith Business School established working parties to review its strategy in relation to its postgraduate profile. The potential of this niche program was acknowledged, however in its current form it is not considered viable. As a result, this program will be withdrawn from offer as of Semester I, 2006. Future opportunities for the continuance of this program in other forms eg. a specialisation within the Master of Management – Innovation & Change, have been noted, and will be further explored by the Department of Management.
24.3 The Programs Committee members may wish to note the transition arrangements for continuing students specified in this submission.

Recommendation:

24.4 The Programs Committee, on the executive recommendation of the Dean of the Griffith Business School (20 September 2005), is asked to recommend to the Academic Committee the withdrawal of the Master of Strategic Information Systems (5386) and Master of Strategic Information Systems with Honours (5387), as contained in 05/0037320, from semester 1, 2006.

25.0 ATS PROGRAM WITHDRAWAL (05/0037824)
1101 BACHELOR OF ARTS/BACHELOR OF THEOLOGY

25.1 The Programs Committee, on the executive recommendation of the Dean of the Faculty of Arts (12 September 2005), is asked to consider the attached submission (05/0037824) proposing to withdraw the Bachelor of Arts/Bachelor of Theology (1101), from semester 1 2006.

25.2 This program was first offered in 1994. The combined degree aimed to provide students with knowledge of Australian culture and society relevant to theology students, an awareness of the synergies between work in humanities and theology. The enrolment in this program has been small with 2 students enrolled in 2005. In line with the Academic Plan initiatives to reduce the number of undergraduate programs with low intakes, the program should be withdrawn.

Recommendation:

25.3 The Programs Committee, on the executive recommendation of the Dean of the Faculty of Arts (12 September 2005), is asked to recommend to the Academic Committee the withdrawal of the Bachelor of Arts/Bachelor of Theology (1101), as contained in 05/0037824, from semester 1, 2006.

For approval

26.0 ATS PROGRAM WITHDRAWAL (05/0037822)
5390 MASTER OF MINISTRY
5302 MASTER OF THEOLOGY

26.1 The Programs Committee, on the executive recommendation of the Dean of the Faculty of Arts (12 September 2005), is asked to consider the attached submission (05/0037822) proposing to withdraw the Master of Ministry (5390) and the Master of Theology (5302), from semester 1 2006.

26.2 The Master of Ministry was first offered in 2003 by the School of Theology, Griffith University and the Brisbane College of Theology at their various campuses. The program offered students interested in postgraduate theological study the opportunity to complete the degree in the University environment. Unfortunately, there have been no enrolments in this program to date and in line with the Academic Plan initiatives to reduce the number of postgraduate programs with low intakes, the program should be withdrawn.

26.3 The Master of Theology was the first offered by the School of Theology, Griffith University and the Brisbane College of Theology in 1999. The program offered students interested in postgraduate theological study the opportunity to complete the degree in the University environment. There are currently 3 enrolments in this program and in line
with the Academic Plan initiatives to reduce the number of postgraduate programs with low intakes, should be withdrawn.

Recommendation:

26.4 The Programs Committee, on the executive recommendation of the Dean of the Faculty of Arts (12 September 2005), is asked to recommend to the Academic Committee the withdrawal of the Master of Ministry (5390) and the Master of Theology (5302), as contained in 05/0037822, from semester 1, 2006.

27.0 HSV PROGRAM WITHDRAWAL (05/0037552)
1227 BACHELOR OF HUMAN SERVICES/BACHELOR OF THEOLOGY

27.1 The Programs Committee, on the executive recommendation of the Dean, Teaching and Learning (Health) (21 September 2005), is asked to consider the attached submission (05/0037552) proposing to withdraw the Bachelor of Human Services/Bachelor of Theology (1227), from semester 1 2006.

27.2 The Bachelor of Human Services/Bachelor of Theology was first introduced in 2001. It was primarily intended for persons studying theology who were being trained for (Christian) youth ministry work. There were no commencing students in 2004 and 2005. The intended market, small at the outset, is now even smaller with few youth worker trainees in the church, and therefore the grounds for its original existence no longer apply.

Recommendation:

27.3 The Programs Committee, on the executive recommendation of the Dean, Teaching and Learning (Health) (21 September 2005), is asked to recommend to the Academic Committee the withdrawal of the Bachelor of Human Services/Bachelor of Theology (1227), as contained in 05/0037552, from semester 1, 2006.

For approval

28.2 The Graduate Diploma is being withdrawn and replaced by the Graduate Certificate in Visual Arts as a means of offering a more directed pathway towards higher degree research study as well as offering more clearly defined exit points within the Master of Arts in Visual Arts Programs. Refer to item 7.0 on this Agenda for information on the Graduate Certificate in Visual Arts.

Recommendation:
